MINING, BUSINESS AND STOCKS.

TRIKE OF GOLD IN POLE CANYON.

nsign, Mining Company Finds Rich Ore in Main Tunnel.

VERAGES \$15.60 PER TON.

annel in 250 Feet With 150 Feet Vertical Depth-Vein From Five To SIX Feet Wide.

An encouraging strike of gold under ch conditions and o fsuch values as strongly indicate permanency has en made in the grounds of the Engn Mining company, situated in Pole nyon, Tooele county. The find ocirred in th eface of the tunnel which now in 250 feet, and a series of sames taken from the entire face reveal dues by the assayer's test ranging om \$8 to \$25 in gold to the ton with average of \$15.60. The tunnel is beg driven on the vein which is from /e to six feet wide and the vertical pth from the present workings is out 150 feet. Some samples obtaini several weeks ago from these worke metal bearing body was not contin-jus as is the case where the more re-int find was made. The property is ider the management of F. M. Bish-Milando Pratt and J. A. Silver, and sociated with them are a number of sidents of Salt Lake.

THE DAY ON 'CHANGE.

ontinuation of Low Prices with Moderate Sales Made.

The week on the mining exchange pened with the low prices that pre-alled last week continuing although last week continuing, although erate amount of sales were made the stocks of a longer than usual

Martha Washington showed consid-rable activity and 35,000 shares were old at 2½ and 2% cents. May Day found buyers for some 12,-0 shares on an even market between and 25% cents. Lower Mammoth was given constd-

rable attention, and 2,400 shares sold atwee n1.48 and 1.49. New York was received for the first me on call and 1,100 shares sold from 1½ to 40½ cents. Wabash declined from 1.03 to 98 cents.

Provo Physician Obtains Copper Property in Emery County. Special Correspondence.

Provo, Nov. 10.-Dr. C. B. Snyder of this city has now secured control of the Copper Globe Mining company's property in Emery county, and has put men to work on the claims with a view to getting the property in readiness for making shipments of rich copper ore. The property was located some years ago by St. V. Le Sieur and others and ago by St. V. Le Sieur and others and some ore was shipped, but the long wagon haul made it unprofitable, and the ground became tied up in litigation, which stopped work. There are immense bodies of copper ore on the ground, some of it being very rich. This will be shipped and as it is expected that the Salina branch of the Rio Grande railway will be built on a route that will take it within 12 miles of the mines the prospects for making of the mines the prospects for making the property a paying one are con-sidered very favorable. The large quantities of low grade copper ore on the ground will probably be treated by a

DIVIDEND DAY.

Con. Mercur and Silver King Make Monthly Distribution.

This is dividend day for the Con. Mercur and the Silve r King. The former is sending out to its shareholders aggregating in value \$30,000, while the latter is making its regular monthly distribution of \$190,000. The books of the Daly-West close today, prepara-The books tory to the payment of \$108,000 to shareholders the 15th.

RETURN TO MILFORD.

President Lewis and Manager Farish Leave for Beaver County.

President A. B. Lewis and Manager W. A. Farish of the Majestic company after a short stay in Salt Lake returned o camp last night. Mr. Lewis, while raveling in Iron county during the late campaign, was impressed with the coal showings in that locality and will further explore that region.

THE WEEK AT PARK CITY. Naildriver Increases Force - Claims Bonded - Ore Shipments.

The Park City Record in reviewing e mining events of the district for the week says: On Monda ya force of forty-four men

was put to work on the Naildriver by Foreman James Quinn. The new shaft is, to be located about 250 feet up on the hill from the present tunnel, and will be driven with all possible speed. A force of men is now at work digging ditch from the Daly tank. This ditch will be about a mile in length, as it is necessary to get the required force at the Naildriver.

John Paradise and associates are to commence operations on the Denver group of six claims adjoining the Naii-driver on the southeast. Material is now going up for necessary buildings. Superintendent Hickey of the Comstock returned yesterday from a trip to the city on business. There is nothing particularly new at the mine except that the property continues to show up splendidly and the machinery for the large new mill will soon be on

On Wednesday G. W. Gulliver hauled up to the new Daly-West mill the largest casting that was ever taken up the canyon. It was a large Allis-Chalmers crushing roll for the new mill, weighing over fifteen tons. It took sixteen horses to deliver the large piece of machinery. William Van Wagner, the well known

lime man of Midway, was in town Thursday. He is one of the principal owners of the Balsam Grove group in Snake creek, and reports that for the work done on that property it looks fine, and with proper development a mine would be uncovered. Capital, properly expended, is all that is necesto bring Snake creek district to

Thomas W. Bell of Park City and A. the front. E. Beveridge of Salt Lake have just closed a bond to purchase thirteen claims lying southeast and adjoining the Wolverine group. The purchase price is approximately \$35,000. The bonders intend to at once incorporate an datart a large force of men on development and prospect work. The cated and we look to see it give a good account of itself.

Following are the shipments of ore from the Mackintosh sampler for the

Important Find of Large Body at Great Depth.

The ore reserve of the Centennial-Eureka at Tintic has been reinforced by a strike in new ground. The find was made on the 1,500-foot level and carries 52 ounces of silver, 5 per cent cop-per and \$6 in gold to the ton. While the extent of the new body has not been determined, on an upper level the vein has been crosscut nearly feet with but one wall exposed. The company has now 100 men employed in the workings of the mine.

Will Visit Daly-West.

J. J. Phelan, of Boston, who is rounding up the mining situation in Utah in the interest of his firm, Hornblower & Weeks, brokers, of Boston and New York, will visit Park City today and view the underground. view the underground workings of the great Daly-West.

A Good Grouping.

The grouping of claims by A. E. Beveridge at Park City for which he has been visiting that camp with regularity for several weeks, is considered by mining men posted in the affairs of that camp to be a good business stroke. Mr. Beveridge will visit Park City again tomorrow and an incorporation under the direction of himself, Thomas W. Bell and others, will soon follow. The group of 13 claims are in the imiate neighborhood where are situated the Lone Pine, Success and Tattersal, all having produced more or less

INCORPOPATES IN UTAH, Majestic Company With Beaver County Holdings,

The Majestic Copper Mining & Smelting company, incorporated under the laws of Colorado, with head offices at Denver, filed a certified copy of its aricles of incorporation, and acceptance this state in Secretary of State Ham-mond's office today. The capital stock of the corporation is \$6,000,000, divided finto 600,000 shares of the par value of \$10 cach. A. B. Lewis, of Frisco, is designated as resident agent.

The Diamond-Nimrod.

The Diamond-Nimrod Mining company, of Colorado Springs, Colo., filed

a certified copy of its articles o corporation, and an aceptance of the provisions of the constitution of this state, in the secretary of state's office today. The capital stock of the company is \$200,000, divided into shares of the par value of \$1 each. James M. Lockhart, of Park City, is named as resident agent.

MINING NOTES.

Manager Jackling of the United States Reduction company is looking over Utah for the purpose of obtaining zinc ore for his company's plant at Canyon City, Colo.

M. J. O'Meara, who has been at Tono pah, Nev., looking after interests that have been exceedingly profitable for several months is renewing acquaint-ances in Salt Lake.

The Taylor and Brunton sampler received this morning six cars of ore from Tonopah, and 11 cars from Tintic. E. J. Pithey of the Highland Boy went to the mine this morning to discharge the monthly pay roll, on which are in the neighborhood of 250 names.

WESTERN MARKET LETTER.

Kansas City, Mo., Nov. 7, 1902. Deseret News, Salt Lake City, Utah. The waning of the range cattle season is indicated in the diminished recelpts this week. The supply amounts to 55,000 head, including 6,000 calves, against 73,300 head last week, including 10,000 calves, but still show a gain of 4,000 over the same week last year. The election had some effect in reducing supplies, but gradual reductions are expected during the month of Novem-

The season for corn cattle is just commencing, and the proportion of these is noticeably gaining. This class of cattle is not meeting with any flattering reception, especially the heavier kinds, as buyers seem determined to bear down, and their tactics are so successful that the best grades of steers cessful that the best grades of steers are 30 to 50 cents lower than a week ago. Buyers have been very liberal in their treatment of cows, and medium to cheap kinds of steers, and cows es-pecially are 25 to 40 cents higher this week. This includes canners, which have heretofore not been benefited by the good feeling in cow stuff, but they have sold better in proportion to other cows this week than at any time this year. Steers that are worth over \$5.50 are being discriminated against, with a view to bringing down the high level of prices that has prevailed on that kind, and buyers seem willing to pay strong prices for cheaper steers to fill out their orders.

Stocker and feeder receipts have fallen off sharply, as has also the demand for them. The slight welcome which corn cattle are receiving gives little en couragement to the country buyer, and trade is dull. There is, however, a number of orders in the hands of commission men for feeders of choice quality and breeding, which they are unable to fill. It is evident that the general quality of the thin stuff coming is eral quality of the thin stuff coming is inferior, it being the fag end of the season, when big herdsmen send in their tailings and the smaller dealer puts his best cattle on feed and sends in the balance. In the event of one or two heavy storms, which are apt to come any time now, this class of stuff would be in still less demand except at lower prices. There is plenty of rough-ness in the country, but with the spec-tacle of fat cattle sliding down hill in point of price, the man who buys cattle

to consume his forage will be willing to buy them only at a low figure.

Sheep receipts hold up well, although beginning to grow smaller each week. The proportion of mutton sheep this week was bigger than usual, and they have sold from steady to weak, with very little fluctuation. Fat lambs have managed to add 10 or 15 cents to their value. Colorados selling up to \$5.15. Yearlings have sold from \$3.75 to \$4.10. and grass wethers \$3.40 to \$3.65. and grass wethers \$3.40 to \$3.65. The injury for feeding sheep was improved, and feeding lambs sold as high as \$3.65, which is top for this season. Feeding wethers sold from \$2.75 to \$3.10. This has been a phenomenal year in the sheep business, as everybody knows, but it is well illustrated by the figures for the month of October; 86.654 head were taken out by country buyers last month against 17,800 the same month last year. Total receipts at this point were 207,328 head against 117,200 October of last year.

SOUTH OMAHA MARKETS.

(special Market Letter from Nye & Buchanan Co., Live Stock Com-mission Merchants, South.

Omaha, Nebraska.) South Omaha, Neb., Nov. 10 .- Last week brought over 24,000 cattle and a cteady market on western cows and range beef. Good stockers are stronger. Shortfed corn beef much lower, Packers claim they dress out less than

good grass beef.

We quote cornfed beef \$4.75 to \$6.00;
best grass beef and hayfeds \$4.75 to
\$5.00; choice light feeders \$4.15 to \$4.40;
good fair feeders \$3.50 to \$3.90; common \$2.50 to \$3.25; choice fat cows \$3.25 to \$4.00; good \$2.75 to \$3.25; canners \$1.50 to \$2.50; veal \$4,00 to \$6.00; bulls \$2.00 to \$4.00. Good stock calves weighing 300 to 400 pounds \$4.25 to \$5.00; heifers \$3.00 to \$3.25.

Hog receipts continue moderate, 37,-000 for last week, and market continues to decline. Range of prices \$6.40 to \$6.55.

last week started with still another high mark for a single day's receipts of sheep, 33,054, and the week brought 71,116. Fat sheep steady; best feeders A little stronger. Killers. Feeders.

HEAVY SELLING WAS IN ORDER

Big Blocks of Leading Stocks Thrown on Market.

SUPPORT WAS VERY WEAK

Orders Soon Appeared-Full Recoverise Made by Some-Then New Points Of Weakness Developed.

New York, Nov. 10.-The weakness of Saturday's stock market attracted heavy selling orders at the opening this morning. Blocks of from 1,000 to 10,000 shares of the leading stocks were thrown on the market, causing a sharp break in prices. U. S. Steel preferred an off 214 and losses of a point or more were made in Erie, B. & O., Canadian Pacific, Southern Pacific and Missouri Pacific. The first efforts at support were ineffective and prices fell lower than the opening, but it soon became apparent that there were heavy buying orders and that the bears were taking advantage of the weakness to cover

large short accounts.

The congestion of selling orders was worked off and various stocks, including Sugar, Amalgamated Copper and Pennsylvania, offered good resistance. U. S. Steel preferred railied 1% and relieved the apprehension caused by its unsupported condition at the opening. Lackawanna was marked up 10 points over Saturday's close. Practically full recoveries were scored by Pennsylvania, Norfolk & Wzsiern, Manhattan, Sugar and Amalgagated Copper. The market became less active, but there were some new points of weakness before the end new points of weakness before the end of the hour. Rock Island broke 9½ and the Pacifics, St. Paul, Reading and New York Central were at the lowest, carrying the whole market with them. Southern Pacific lost over two points Another spasm of liquidation swept over the market during the second hour over the market during the second hour, carrying prices to a much lower level than in the first break on very heavy dealings. The subsequent rally brought prices up 1 to 1½ for the principal active stocks. Dealings continued very large on the recovery. Prices of all leading stocks were down two to five points. Pittsburg, C. C. & St. Louis broke 7; C. C. C. & St. Louis, 4%; Sault Ste Marie 4; Alton, 4%, D. & H., 4%; Colorado Fuel, 6; U. S. Express, 5½, and Anaconda 6, with a 5 point rally.

AMERICAN SILVER TRUSS.

So much comfort in these New Trusses we're selling. Many people who have never been able o wear any other kind with comfort, are loud in their praise of

They are much lighter than the old kind, and do not bind Come in and we'll explain all about them to you, or if you live out of town, write for circular.
